

despite

When truth manifests in energetic guitars and lies almost sound fragile, despite are looking straight into the eyes of alternative rock. They open up wide the spectrum between these extremes and are not even intimidated when the ghost of grunge wants to join the conversation.

Since 2011 despite from Zürich are a rock trio consisting of Daniel (voc/git), Gregor (bass/voc) and Sarah (drums). Founded with two guitars in late 2005 only the reduction to a trio made enough room for all aspects of their multi-layered songs.

On May 26 2015 they released their debut album TRUTH / LIES on 12" vinyl, recorded by David Langhard (Howlong Wolf, Admiral James T, Neutral Zone) at Dala Studios (Winterthur).

Because their private lives became considerably louder, the next gig had to wait for a bit. But now it's definitely gig-o'clock: there are several new songs waiting to be heard.
